EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- In claim 9, "said a flat spring" has been changed to -- said flat spring--.

2. The following is an examiner's statement of reasons for allowance: It is found that the claimed shock absorber having a first flexible strap being attached to the upper spring end and the lower spring end as claimed in claim 1 defines over the prior art of record.

3. A discussion of the newly cited prior art is included for the record. Knapp shows a bicycle seat with a flat spring C and a flexible strap Q. Voltz shows a bicycle seat G with a flat spring H and a flexible strap P. Strap Q and strap P are considered to be the equivalent of Applicant's second flexible strap 50. None of the prior art teaches a first flexible strap as claimed in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
